LOCAL MELANGE.

Freight Trains Collide at El Monte.

THE ORPHAN ASYLUM FAIR.

Another Large Attendance—Brother and Sister Fall Out—At the Theaters.

A collision between two freight trains occurred at El Monte, on the Southern Pacific, at 9 o'clock last evening. El Monte is about thirteen miles from this city, on the Yuma division.

The two trains were special freights, one east-bound and the other west-bound. The result of the collision was an almost complete wrecking of both trains, but no lives were lost.

No information was received last night of a sufficiently explicit or complete character to determine the exact cause of the accident. It appears that time enough was given the engineers and firemen of both trains to allow them to jump and thus save their lives. Both engines are total wrecks and twelve freight cars are smashed to pieces.

Train No. 20, which was due in this city at 9:31, was caught by the wreck, and was compelled to wait. It was estimated that arrangement would be made for it to pass, so that it could get into this city early this morning, perhaps by 3 o'clock. Train No. 19, which leaves this city at 9 o'clock, was also caught and will be delayed some time.

THE FAIR.

It Succeeds Beyond the Greatest Expectation.

The Orphans' Fair continues to draw a large crowd, and to do a very thriving business. The attendance last evening was fully as large as the hall could comfortably accommodate. Not only was the main floor thronged with people who walked around among the booths, but the gallery above contained an occupant for every seat, and many stood up where they could look down upon the brilliant scene below.

One feature of this fair which makes it especially delightful, is the large number of very pretty costumes worn by young ladies no less pretty. Each booth, it must be remembered, is in the charge of half a dozen ladies, all of whom are arrayed in a costume suited to the character of the booth. They do not all of them remain where they are stationed, but many wander around the hall seeking custom for their booths and entertaining acquaintances. Many of these costumes are very rich and elegant, and they contribute greatly to the esthetic satisfaction of the visitor.

The programme last night began at 9 o'clock with an overture by the orchestra. Miss Reeve sang a soprano solo, "Forget, Forgive," which was received by the audience with much applause. Miss McManus sang a soprano solo in a very creditable manner. A comic quartette, "Propbundo Basso," by Louis Von Hofe, Mrs. B. Gardner, William Sellenscheldt and Mrs. William Sellenscheldt elicited much applause and laughter. The orchestra, under the leadership of E. T. Raltmeyer, performed the following programme: Overture, Vindson; waltz, "Sounds of the Rhine;" march, "Prince Rudolf;" schottische, "Better Times;" popular Irish airs; overture, "Home, Sweet Home."

The voting begins to grow more interesting. Captain Darcy has added a new feature in the contest by putting up a cane made by the prisoners in the Yuma penitentiary, of seventy-five pieces of wood, which is to go to the most popular newspaper, as decided by the vote of visitors. The vote on this stood last night as follows: HERALD, 38; *Times*, 5; *Tribune*, 10; *Express*, 1; *Orphans' Appeal*, 10.

Another new contest is for an elegant Bible, costing $20, to the favorite parish of the diocese.

There was a new element thrown into the contest for the oak bookcase, which is to go to the most popular Secretary of a Los Angeles organization, by the very determined stand of the Union League Club, a Republican organization, in favor of their Secretary, Thomas A. Cook. At present writing his vote stands at 278, and the young men of the Institute whose Secretary has 65 votes are being left behind. It is hinted, however, that some kind of a still hunt will be executed and the Y. M. I. will loom up in good shape toward the end. Walter Devereaux, of the A. O. U. W., has 35 votes; Wm. Banning, of the A. O. H., has 21; Thos. H. Ward, of the Board of Trade, 10; and A. C. Roques, of the Elks, 7.

The programme of this evening will include singing by Miss Jennie Winston, the popular soprano, and solos by several gentlemen well known in musical circles.

A Spanish dinner was given yesterday and another will be given next Saturday. Today a fish dinner will be served. There will be oyster soup, salads, enchilades and other excellent dishes. Dinner time is from 11 till 2. The room is in charge of the following ladies: Mrs. W. S. Maxwell, Mrs. M. D. Watson, Mrs. Jesurum, Mrs. J. W. Wolfskill, Miss M. R. Dominguez, Miss Susan Dominguez, Misses Carson and Mrs. McGuire.

It must be borne in mind that the fair lasts only one day more after today.

BROTHER AND SISTER.

Their Differences Take Them Into Court.

Yesterday morning Frank Tibbetts, a resident of Santa Monica, appeared before Police Judge Owens for trial upon a charge of battery preferred against him by his sister, Mrs. Calvert. A number of witnesses were examined for both sides of the case, and from their testimony the following facts were learned. Some few months ago Tibbetts and his wife paid a visit to the Calverts at their residence on San Pedro street, and on their return to Santa Monica left part of their wardrobe, promising to return for their property as soon as they got settled down again. On the 2nd inst. Tibbetts called at the house on San Pedro street, and asked his sister for the property he and his wife had left there during their visit. Mr. Calvert produced the trunks and valise which her brother had left in her custody, but before allowing him to take them away, she proceeded to overhaul their contents. Tibbetts resented this, and a dispute arose between brother and sister as to the ownership of a silk dress which the latter took from her sister-in-law's valise. Tibbetts then asked his sister whether she thought he was a thief, to which she replied that he was "none too good to steal." At this juncture Tibbitts lost his temper, and assumed such a threatening attitude as to alarm the sister, who ran back to her bedroom and returned with a revolver in her hand. Just as she was about to blow her brother's brains out, her younger brother Charlie appeared upon the scene, and after a sharp struggle, took the weapon away from her and hid it under the bed-clothes, thus averting a tragedy. Tibbitts was ordered from the house, but refused to go until he got all his property. After gathering up his traps he turned to leave the place, but on espying a ten cent tin pail he claimed that also. This only led to a renewal of hostilities, and Mrs. Calvert picked up a hatchet and attempted to strike her brother. He grabbed the weapon, however, with his left hand and the pail with his right, and proceeded to demolish the latter by hitting his sister on the head with it, inflicting several nasty cuts, which occasioned severe loss of blood. Mrs. Calvert fainted at the first sight of the gore, and Tibbetts made his escape with his belongings. The Court adjudged the defendant guilty as charged and ordered him to appear at 10 o'clock this morning for sentence.

AMUSEMENTS.

Miss Vokes' New Bill at the Grand.

Miss Vokes' new bill at the Grand last night proved very popular. *The Crocodile Tears*, *The Circus Rider* and *The Pantomime Rehearsal* all offered her excellent scope for the display of her comedy talent, which is decidedly *sui generis*. The same bill will be presented tonight. There will be a Saturday matinee tomorrow afternoon, and on Saturday night the bill of the first part of the week will be given. It includes the famous *Milliner's Bill*, which is perhaps the best thing Miss Vokes does.

The J. C. Duff Opera Company will open at the Grand next week in *Paola*. The plot is founded on the humorous side of the Corsican vendetta. A vendetta commenced between the families of "Baroni" and "Caroli," and the feud is about to be reopened by the heads of the two families. The two young men have become fast friends, and are disgusted to find an enforced enmity thrust upon them. To save their own lives they simulate undying hatred, and are seen doing their best to keep out of one another's way, and yet keeping up appearances sufficiently to deceive their "loving kinsmen." This gives rise to many amusing situations and complications, which are finally brought to a happy conclusion by the intermarrying of the two families.

The Los Angeles.

The exciting scenes of *Mr. Barnes of New York* are proving it one of the most popular plays of the year at the Los Angeles. Miss Rigl as the vengeful Corsican girl does a very artistic bit of work in the highest realms of acting. She is terrifically real in the role. There will be a matinee at this house tomorrow.

Opening on Wednesday next, Frank Mayo will fill the coming week at the Los Angeles Theater, the plays selected being *Davy Crockett* and *Nordeck*. Frank Mayo is at home on the Coast; he belongs here, and is one of the several excellent actors that first acquired fame in San Francisco. While the backwoods drama will doubtless draw the masses, *Nordeck* will be favored by the lovers of the more legitimate. It is poetical in theme, lofty in literature, the love story is romantic and the situations extremely picturesque. Moreover, the antagonism between the Polish and German factions of the play lends a historical interest which is very pleasing.

Mr. Mayo has a holiday week for his engagement, and is sure of a large society patronage.

The Dime Museum.

Business continues good at this popular family resort. A very attractive programme is given in the theatre department, and in the museum Czar, the glass-eater, and the San Bernardino two-legged cow continue to draw. Next week the Cyclorama of Cuba and a new specialty company are announced.

THEIR BAIL.

How Piling Up Indictments Worries Ex-Officials.

The matter of Montaño's bail came up before Judge Cheney yesterday. The ex-Auditor is charged with a crime on one single warrant. There are four indictments against him on this. He is under $9,000 bail for these, and now comes the last one, in which the bail was fixed at $3,000 more. Counsel for the defense stated that it was an unheard-of hardship to ask their client to give bail over and over again in the same manner. The Court then set the additional bail at $1,000, with the understanding that when it is decided on which indictment the defendant is to stand trial, his bail will be fixed at $3,000 for the whole offense.

H. W. Edelman came up on the same affairs before Judge Wade. Edelman is under about $40,000 bonds because of this multiplying of the villainies he is charged with by means of often reiterated indictments. After reviewing the facts in the case, the Court released the defendant on his own recognizance. When the indictments against Edelman are arranged so that order shall be brought out of chaos, his bond will be fixed at $6,000 for the whole bundle of frauds he is charged with.

Why They Are Sued.

H. O. Judd writes to say that a certain suit in which he is defendant, and the Santa Monica Lumber Company plaintiff, is merely the record of a lien.

Mrs. A. E. May is sued by J. C. Flournoy to compel her to deed over a certain lot of land. Mrs. May claims that the land was never really sold. Mr. Innis, a partner of Flournoy, sold the lot to Flournoy without any authority from her.

THE SCHOOLS.

The Joint Committee Selects More Sites.

A SPECIAL COUNCIL MEETING.

Proposals for Constructing a Number of Buildings to be Advertised For.

The Joint Committee on School Sites, consisting of the members of the Council and of the Board of Education, met yesterday morning, President Frankenfield in the chair, and Messrs. Powers, Wirsching, Whaling, Gosper, McIntosh, Woodbury, Pomeroy, Summerland, Frew and Hamilton present.

Mr. Pomeroy, for the Third ward, reported that he and Major Bonsall had looked at the sites in the neighborhood of Union avenue and Collado street, and had found that the citizens objected to the selection of the site formerly recommended, on the ground that residences were to be erected on three of the corners, and other property would do as well for a school. They, therefore, recommended that the offer of J. Van Dahn, of a lot 180x140 on Collado street, for $4,900, be accepted. They also recommended that the offer of Mrs. Blanchard of a site on Beaudry street, near Second, for $5,500, be accepted. This would cause an expenditure of more than the amount set aside for the ward, but Mr. Pomeroy thought that enough would be obtained by the sale of the Pearl street school property to make up for this. The recommendations were adopted.

Governor Gosper moved that the Secretary be requested to prepare a list of the sites for which the plans for buildings had been prepared, and that the Council be requested to ask for bids for constructing the same. He said that there were bids to be obtained for three two-room buildings, six four-room buildings and one eight-room building.

Mr. Pomeroy moved, as an amendment, that the Council be requested to ask for bids for the construction of the buildings according to the plans of each architect, so that the architects could all have a chance and the cost be kept within the amount raised by the sale of bonds.

The amendment was accepted and the motion was carried.

The committee then adjourned.

THE COUNCIL.

A Special Meeting Held Yesterday Morning.

A special meeting of the Council was held yesterday morning at 11 o'clock, President Frankenfield in the chair, and Messrs. Wirsching, Summerland, McLain, Hamilton, Brown and Shafer present.

The Clerk stated that the meeting had been called for the purpose of passing upon a recommendation of the Joint Committee on School Sites and ordering advertisements for proposals to build school houses, so that all the bids might be obtained by a week from Monday.

The report of the Joint Committee on School Sites was then read. It recommended that the Clerk be instructed to advertise for bids for the construction of buildings as follows: Two-room building in the Ela Hills tract, four-room building on Thomas and Vignes streets, four-room building at Alpine and Deepwater streets, four-room building on Beaudry street, near Second, eight room building on Ninth and Stanford streets, two-room building on First and Savannah streets, and a four-room building on Cornwall and Grant streets.

The report also recommended that bids for each building be asked on the plans of all the architects whose plans had been adopted.

Quite a long discussion followed the reading of the report as to the advisability of asking for bids on all of the architects' plans. It was suggested that the plans of the building to go on each site could be picked out before bids were asked, but Mr. Pomeroy and others held that it was probable that the most expensive plan would be picked out in each instance, and in that case the amount to be expended might be exceeded and another advertisement might be necessary. If the bids were asked on all the plans it would be possible to select the best that could be built for the money to be expended.

It was finally decided to advertise for the construction of the two-room buildings on the plans of Messrs. Burton, Haas and Forsythe; of the four-room buildings on the plans of Messrs. Burton, Coxhead and Brown, and of the eight-room building on the plan of Mr. Burton.

The meeting then adjourned.

THE NEW ROAD.

Its Route from Barstow—A Union Depot Here.

Some very important information with regard to the exact route and plans of the Utah Central extension to this city has been obtained by the HERALD and is now for the first time made public. It comes through thoroughly reliable channels, and may be depended upon as being as authentic as any information not actually official can be.

Some doubt has existed all along with regard to the place where the extension was to meet the Santa Fe route, and what its plans were to be in the matter of getting into this city. The new road will meet the Santa Fe at Barstow. From Barstow to San Bernardino, a distance of eighty miles, the Santa Fe track will be used. This part of the line runs through a strip of territory that is absolutely devoid of local traffic, and no road would lay a track if it could make any kind of an arrangement to avoid the expense. The Union Pacific will join with the Santa Fe in strengthening this portion of the track and putting it in shape to bear the increase of traffic. By this arrangement the question of how to get through the San Bernardino mountains is solved, as the two roads will both make use of the Cajon Pass.

From San Bernardino to Los Angeles a new line will be built. It will lie to the south of the Southern Pacific, and will take in the Chino ranch, the Puente and the Laguna. This will make four very nearly parallel lines, the San Gabriel through line of the Santa Fe, the Southern Pacific, the new line of the Utah Central extension and the Orange connecting line of the Santa Fe. Just outside of the city limits, at the southeast corner of the city, the new line will strike the line of the Santa Fe, and will enter the city over the same bridges as the Santa Fe, and the two roads will make use of a Union depot.

This is the plan as outlined by those who claim to know the nature of the contract existing between the Santa Fe and the consolidated lines known as the Oregon Short Line and Utah Northern, of which the Utah Central is a member. That some form of contract exists is known beyond question, and that these provisions are involved is reasonably certain.

In spite of the fact that information has come by telegraph that the Union Pacific officials have formally announced that the extension of the Utah Central line will be continued as rapidly as possible to Barstow, that the line will come to Los Angeles, and that Redondo will be the terminal point, the local railway officials still decline to believe that there is anything in it. Two directors of the Union Pacific road will visit this city next Sunday, and it is not impossible that they may be prepared to make definite statements with regard to the purposes of the road. It must be remembered that the position of the Union Pacific as a railroad corporation is such with regard to the United States Government that it cannot on its own account undertake any railroad building. It is, however, possible for the stockholders of the road to back the efforts of any connecting line, like the Utah Central, to put through an extension which would practically be an extension of the Union Pacific.

Mr. S. B. Hynes, Freight and Passenger Agent of the Southern California, arrived in the city yesterday from a three weeks' trip through the East. He is unable to state when President Manvel will be here, but thinks it will be in a few days.

THE INQUEST.

The Story of the Shooting of W. E. Curtis.

At 10 o'clock yesterday morning Coroner Meredith held an inquest at Lamanda Park upon the body of W. E. Curtis, who was shot by his brother-in-law, Philip Engle, on Wednesday evening. Acting under the advice of their attorney, James Burdett, Engle and his wife, who were the only eye-witnesses of the tragedy, refused to testify before the Coroner's jury, and all the evidence taken was gathered from those of the neighbors who were upon the scene shortly before and immediately after the shooting. From the testimony adduced it was learned that Philip Engle, who is a well-to-do farmer, was married to Curtis' sister about eleven years ago, since which the relations between the two men have been of the most friendly nature. No better proof of this can be found than that Curtis had lived with the Engles for the past four years. On Monday last Curtis was married to Miss Mary Fagan, a young woman about 19 years of age, who lived in the vicinity, and the newly married couple took up their residence in a small cottage not more than 200 yards from Engle's house. On Wednesday afternoon last Curtis walked over to his brother-in-law's residence, and entering the house as a privileged person, without notifying the inmates of his approach, came upon the Engles while they were quarreling in the kitchen. Curtis took up the dispute on behalf of his sister, and as the result of his interference between man and wife a fight occurred between the two men. Curtis being much the larger and stronger man forced Engle to the porch in the rear of the house, and taking advantage of the fact that there was a step six inches deep behind Engle, he hurled his lighter opponent violently from him, and the latter fell to the ground. Neighbors who were attracted to the place interfered. Curtis then returned to his home, and after nursing his rage for a few minutes he threw off his coat and left the house in the direction of Engle's residence. Mrs. Van Slyke, one of his neighbors, met him about midway, and divining his intention, attempted to dissuade him from going back to Engle's place, but to no purpose, as he turned and left her. On reaching his former home, Curtis entered the kitchen from the rear, and was met by Engle, who stood at the door of the dining-room, which opened into the kitchen. As Curtis advanced towards him, Engle backed across the dining-room and into the bedroom at the other end of it, and grabbed a Winchester rifle. Curtis still continued to advance, when Engle discharged the weapon without raising it to his shoulder and Curtis fell to the ground, dead.

The report caused by the discharge of the weapon attracted the attention of the neighbors. Engle was placed under arrest by Constable Newell, who subsequently turned him over to the custody of Constable Butterworth, of Pasadena. He was taken to the City Jail at Pasadena by the latter officer shortly afterwards.

Prior to the shooting Engle, who is a native of Germany, 44 years of age, was much respected by those who knew him, and he was known as a man of peaceable disposition. W. E. Curtis was a native of Maine, aged 31 years, and though a magnificent specimen of physical strength, being six feet in height and proportionately well built, was always looked upon as a quiet, well-intentioned man. The jury, on hearing the facts in the case, returned a verdict to the effect that the deceased "came to his death by a gun-shot wound inflicted with a rifle in the hands of Philip Engle."

The verdict of the Coroner's jury, together with the testimony adduced before it, were filed by the Coroner with Justice F. M. Vanderlip, of Pasadena, who held a preliminary examination into the case at 1:30 o'clock yesterday afternoon.

The evidence adduced was practically the same as that heard at the inquest in the morning, and at its conclusion, the defendant having reserved his defense, the Court held him to answer to the charge in the Superior Court under bail in the sum of $10,000. In default of sureties for this amount Engle was taken to the County Jail last night, at which place he was visited by a HERALD reporter. He refused, however, to make any statement with regard to the affair, on the ground that he had been advised not to do so by his attorney.

Wheeling Will Take His Sentence.

Yesterday was set for passing sentence on Wayne O. Wheeling, convicted of the unlawful killing of William Tweedy. When the hour arrived Wheeling's attorneys again asked for delay in passing sentence. This is the second petition for delay in this matter. The attorneys stated that if this motion were granted they would waive the right to make a motion for a new trial and let sentence be passed next Monday. The motion was granted. It is a little blind to outsiders why this delay is asked for if no new trial is to be demanded. Speculation is rife as to what Wheeling's sentence is to be. The general opinion is that he is wise in taking the verdict of the jury, which is only manslaughter, with a recommendation to leniency at the hands of the Court. Wheeling will get from three to six years; that means two to four years of actual incarceration. He may actually get off with only a couple of years.

PUBLIC WORKS.

Recommendations to be Made at Its Meeting.

The Board of Public Works yesterday went on its tour of inspection. It was accompanied during a portion of its drive by the following members of the West End Board of Trade: H. C. Register, J. Mills Davies, C. A. Stilson, Colonel C. E. Dailey, Major J. M. Frew, E. E. Hall, D. Innes, E. E. Galbreth and B. P. Ward.

It was found that the Pacific Cable Company was constructing its track across the Aliso-street bridge at the side of the street, and it was decided to notify the company to have it built in the middle of the street.

It was also decided to order the people who have not built sidewalks on Buena Vista street to construct them.

The water-hole at the junction of Bunker Hill avenue and Pearl was inspected, and it was decided to drain it by constructing a pipe-line to Temple street.

It was also decided to order Figueroa street graded between Temple street and Bellevue avenue, and thus relieve Cummings avenue of water.

The City Engineer will be instructed to fix the grades of Bellevue avenue and Holladay street, and also the intersection with Edgeware road. The petition of J. V. Newton to be allowed to put in cement curbing instead of redwood will also be granted, as also will the petition of property owners to grade Bixell street, between Third and Arnold.

The petition of K. Cohn et al. to be allowed to lower the granite blocks on Main street and coat them with bituminous lime rock will also be granted and the property owners on Orange street, between Pearl and Kipp, will be given permission to construct sidewalks. A culvert will be ordered constructed over a water way at the east side of the river on Seventh street. The trip of the board was a long one and was not concluded until nearly 5 o'clock.

JOHN E. LATTIMORE.

A Person of Color Charged With the Crime of Perjury.

The trial of John E. Lattimore, who is charged with the crime of perjury, was begun yesterday before Judge Cheney. The story is this: For a year or more, a couple of years ago, the country along the upper mesa of the San Gabriel valley was terrorized by frequent incendiary fires. Hay stacks and barns were set on fire, and in one case a fine residence, that of Hon. A. B. Chapman, was discovered to be in flames just in time to save it. Suspicion rested on Lattimore as the dangerous person who was engaged in this nefarious work. The negro was brought to trial on the charge of arson. He was acquitted of the charge, his own testimony playing a very material part in securing this result. In the testimony so given it is alleged that Lattimore committed perjury. The effort of the prosecution in the arson case was to show that Lattimore bore ill-will to the people whose property was burned. The effort of the defense was, of course, to prove that this was not so, and further to show that there were others in the neighborhood who did bear ill-will to these persons. Lattimore swore that he bore no ill-will to A. B. Chapman, but that one or two other persons in the neighborhood had grudges against that gentleman. Lattimore is said to have specifically sworn that a foreman of Mr. Chapman who had been discharged a month prior to the firing of his property was very bitter against his former employer. In point of fact the foreman in question was not discharged until a month after the fire in question. Here is the basis for the suit, and many people in that part of the valley are deeply interested in the result of the trial.

THE SALVATION ARMY RIOT.

It Again Nearly Causes a Serious Accident.

The Salvation Army continues to make a record for itself as a disturber of the peace and a reckless cause of accidents. Yesterday evening as they were parading one of the principal streets, beating drums and howling songs, they frightened the horse attached to the buggy containing a well-known newspaper man and his wife. The animal started to run away, and shied upon the sidewalk. Luckily the wheel of the buggy caught on a hitching post, and although the vehicle was very nearly overturned, a serious accident was averted.

Several members of the army saw the performance and cheered and otherwise exhibited satisfaction at the accident which they had caused. The man who was beating the drum turned with a grin and pounded away all the more vigorously while the frightened horse was jumping about.

It is only a question of time when the nocturnal vagaries of this organization will cause a serious accident of some kind. The police force declares itself unable to prevent the processions, although they have been stopped in several other cities of the State by ordinance and the statutes.

Makes It Lively for the County Clerk.

The changing of the indictments against the Edelmans and Montaño makes very lively times for the County Clerk. Every indictment found necessitates the making out of four papers by the Clerk. As the Grand Jury the day before yesterday returned sixteen new indictments, all embracing the same subject matter, here was a little bunch of sixty-four papers to make out. This is the third or fourth attempt to draw indictments that would hold these supposed offenders, and the total amount of writing inflicted on the Clerk's office is no bagatelle.

He Hopes the Deal Will Go Through.

F. H. Lowell has returned from London, summoned home to defend a lawsuit up at San Bernardino. He had been in London for several months, trying to close up a deal for the sale of a large tract of land at Beaumont to an English syndicate. He left H. C. Sigler in London attending to the matter, and as soon as possible Mr. Lowell will again cross the waters to attend to the matter too. He is sanguine the deal will go through.

W. C. Farnsworth, of the Mechanics' Mill, this city, has had his hearing completely restored by Dr. S. M. Slocum, the aurist, corner Fifth and Main. Mr. Farnsworth has been afflicted with deafness since childhood.

MISCELLANEOUS.

S.S.S.

Mrs. Geo. P. Smoote, a highly cultivated and estimable lady of Prescott, Ark., writes under date of April 22, '89: "During the summer of 1887 my eyes became inflamed, and my stomach and liver hopelessly disordered. Nothing I ate agreed with me. I took chronic diarrhœa, and for some time my life was despaired of by my family. The leading physicians of the country were consulted, but the medicines administered by them never did me any permanent good, and I lingered between life and death, the latter being preferable to the agonies I was enduring. In May, 1888, I became disgusted with physicians and their medicines. I dropped them all and depended solely on Swift's Specific (S. S. S.), a few bottles of which made me permently well—well from then until now."

WEST COAST GOSSIP.

How a Pious Young Man Did Up His Partner.

E GLENCROSS GRANT'S RECORD.

General Boyce Impatient to Reach Los Angeles—Something in the Name of Boruck.

[Associated Press Dispatches to the HERALD.]

SAN FRANCISCO, November 21.—Charles Montgomery, owner of the American Exchange hotel, has made a statement showing that he has been the victim of a confidence operator, who has succeeded in swindling him out of about $80,000, and made it necessary for him to make an assignment. Over two years ago he met a young man giving the name of E. Glencross Grant, who identified himself with the Y. M. C. A. here. Montgomery took an interest in him, and finally formed a partnership with him in the agricultural implement business. A company was formed, known as the Bull & Grant Farm Implement Company, with stores here and at Los Angeles. Grant was placed in charge of the Los Angeles store, and Mr. Montgomery, who furnished the capital, has recently discovered that Grant has contracted debts and has also appropriated proceeds from the sale of machinery amounting to about $80,000. Grant's record has been looked up, and it has been discovered that his name is Glencross, and that he had committed similar offenses in London and fled to this country. His whereabouts now are unknown. Montgomery announces that he finds it necessary to make an assignment on account of Grant's fraudulent transactions. His liabilities are about $220,000 and assets $318,000.

TENBROECK'S INSANITY.

The Horseman's Wife Regards Him Mentally Incompetent.

REDWOOD CITY, Cal., November 21.—A commission of three physicians appointed by the Superior Court to inquire into the mental condition of Richard Tenbroeck, at one time a famous horseman, today reported that in their opinion he is not in a condition of insanity to warrant them in signing a commitment to take him to the insane asylum. The petition of Mrs. Tenbroeck for the appointment of a guardian to take charge of the person and property of her husband, who she claims is an incompetent person, will come up December 3d.

BOYCE RETURNING.

The General Signifies His Intention to Hie Himself Home.

SAN FRANCISCO, November 21.—A dispatch from Los Angeles states that the Grand Jury there has returned an indictment against H. H. Boyce, of the Los Angeles *Tribune*, on the charge of attempting to blackmail a justice of the peace. Boyce, who is now in this city, states that he has received no notification of such indictment, and he will leave here for Los Angeles this evening.

THEY KICK ON BORUCK.

Citizens of Yolo Think There Is Something In a Name.

SACRAMENTO, November 21.—Much indignation is expressed over the fact that the Postoffice Department has changed the name of the postoffice at Washington, Yolo county, without a petition. The citizens of that place say no petition for a change of name to Boruck was ever circulated and no request for such name was ever made by the citizens.

Ore Producers' Platform.

SALT LAKE, November 21.—The Ore Producers' Convention here finished its labors today by adopting an address demanding the free coinage of silver, the repeal of the Bland law and the issue of silver certificates on deposits of silver bullion. A resolution was also adopted calling for a union of the mining States and Territories in a protective union for mutual benefit.

An Old Resident Drowned.

SAN JOSE, Cal., November 21.—James Singleton, an old resident of this valley, 69 years old, was drowned last night in attempting to ford Coyote creek, near his place, four miles east of town. The body was found this morning 300 yards below the ford. He left San Jose at 5 o'clock last evening for home with a double team. One horse was drowned.

Going to the Silver Convention.

WINNEMUCCA, Nev., November 21.—The California delegates to the St. Louis Silver Convention arrived here on the fast mail train this evening. A large concourse of citizens was at the depot with a band of music to greet them. Edward Curtis and Frank Pixley addressed the crowd from the car platform, and were loudly cheered.

Central Pacific Tax Case.

RENO, November 21.—The Central Pacific Railroad Company has taken the Washoe county tax case, which the Supreme Court of Nevada decided in favor of the State, up to the Supreme Court of the United States, on proceedings in error. The case concerns taxes on surveyed and unpatented lands belonging to the Central Pacific.

The Grangers Looking Around.

SACRAMENTO, November 21.—The delegates to the National Grange went over to Folsom this afternoon and visited the State Prison. They returned tonight, and leave for Marysville and Oroville tomorrow.

The Northern Convocation.

SAN MATEO, November 21.—The Northern Convocation of the Episcopal Diocese of California closed tonight. Officers were elected this afternoon and a missionary meeting was held tonight.

An Unpopular Verdict.

ALBUQUERQUE, N. M., November 21—After four days' trial, Pedro Lopez is acquitted of the murder of Frank Chase. The verdict has caused considerable unfavorable comment.

Production in Mexico.

WASHINGTON, November 21.—Thomas Ryan, United States Minister to Mexico, in his report to the Department of State on Mexican products and exports, says: "Productions of sugar, corn and wheat are remarkably small. The average value of the sugar product is 5½ cents per pound, and the export thereof 2½ cents per pound, aggregating only $105,000, and is said to be a most inferior grade. The average value of the coffee product is 22 cents a pound, about half of which is exported at a value of 16.9 cents per pound. The value of the hemp export is more than twice the combined value of the entire export of sugar, coffee and wheat. The native sugar product coming into the City of Mexico steadily decreased from 8,585,000 kilograms in 1884 to 4,681,000 kilograms in 1888. There has been a steady increase in beef consumption in the capital from 60,000 beeves slaughtered in 1878 to 84,000 in 1888, and an increase of mutton consumption from 92,000 sheep in 1878 to 130,000 in 1888."

A FURIOUS FIGHT.

A New Star Developed in the Lightweight Class.

CHICAGO, November 21.—A furious prize fight between the lightweights, Tommy Morgan and Tommy White, took place this morning at Hammond, Indiana. Morgan has a record in the ring, while White, until he began training for today's fight, was employed as a blackboard boy in a stock-broker's office. Morgan forced the fighting in the start, but in the third round was pushed into his corner by White's hard work. In the fourth Morgan made another rush and received a blow that drew a quantity of blood. From this time on White showed himself the better man, and began forcing the fight. In the thirty-second round he delivered a blow which knocked Morgan senseless, but his trainers managed to get their man up before time was called. Morgan was a pitiable sight, both eyes being closed and his body a mashed mass of bruises and cuts. White showed few marks. From the thirty-eighth to the fifty-fourth round the fight was more one-sided than ever, consisting of mad rushes by Morgan, who was nearly blind, and quick, savage blows by White. In the middle of the fifty-fourth round the police made a raid and arrested the contestants, allowing the others of the party to escape.

Indian Civilizers.

NEWARK, N. J., November 21.—Two hundred delegates to the tenth convention of the Women's National Indian Association are assembled here. Mrs. A. S. Quinton, of Philadelphia, presided. In her address she said that fifteen tribes have been reached by the mission branch, and legislation for the benefit of the Indians has been commenced.

Miss Kate Foote, Chairman of the Committee on National Indian Legislation, reported that more consideration had been given Indian questions by Congress, and the methods of agents have received closer investigation than hitherto. The cause of civilization among the Indians is being helped in every way.

United States Commissioner Morgan made an address and commended warmly the women's organization. He favored additional Congressional appropriations for Indian schools.

SULLIVAN'S FIGURE.

He Will Not Meet the Negro for Less Than $20,000.

BOSTON, November 21.—John L. Sullivan was seen today in relation to the $10,000 offer of the California Athletic Club. He said: "The California Athletic Club know what I offered them when I was asked to go out there, and that is just what I will do. I will meet the colored fighter at their club-rooms if a purse of $20,000 is hung up, and that is my final answer. I am willing to meet any man they put against me, but they must carry out the deal about Jackson now or it will cost them more money when they come to talk it over again."

Telegraphic Brevities.

The trouble between the New York Central and the trainmen has been settled.

The Governor-General of Cuba disclaims that he in any way aided the striking cigar-makers of Key West, Fla.

The ship Willie and Ida went ashore near New Bedford, Mass. The waves broke it to pieces, and all hands were lost.

The damage to the Western Union building, New York, by Thursday morning's fire was only $5,000; to the stock, $1,000.

Chicago was so overhung with dense clouds and smoke Thursday forenoon that gas was necessary everywhere. The streets were almost deserted and the people went about as if scared.

Mrs. Elizabeth Clementine Kinney, mother of the poet Edmund Clarence Stedman, died Wednesday at Summit, N. J., aged 65. Mrs. Kinney was an intimate friend of Tennyson, Browning and Trollope.

The Lawrence Bank of Pittsburg, Pa., has failed to meet obligations. It had a capital stock of $80,000, and was supposed to be one of the most solid in the city. It is thought the embarrassment is only temporary.

In the pigeon contest between C. W. Budd, of Des Moines, Iowa, and Fred Erb, of Lafayette, Ind., for the American field champion cup, Erb killed forty-nine birds to Budd's forty-two, out of a possible fifty. They shot at Davenport, Iowa.

At Mosherville, Mich., Mrs. Nathan Strong, who has been mildly demented for some time, forced her 18-year-old daughter to drink a glass of poison and then took a dose herself. When her husband returned she told him what she had done. Doctors were called, but their efforts to save the unfortunate women were unavailing.

IMPORTANT —AND— Worth : Investigation.

We are making suits to order of the fine Huddersfield Worsteds for $25 which are worth $40. As the sale of these fine worsteds during the past three weeks has proved such an immense success in San Francisco, we concluded to give the benefit to the public of Los Angeles. We have purchased $40,000 worth of these Huddersfield worsteds and have added a large line of Kerseys and Meltons for overcoats, made to order, with fine silk linings, for $25 to $30, which would cost elsewhere at least from $40 to $60. We have received from the mill over 40 pieces of fine Trouserings, which we bought at an immense reduction, and we are now prepared to give our customers and the public the benefit. These are fine ALL WOOL goods at prices never before known in Los Angeles. Please call and examine the goods and be convinced of the bargains now offered for the holidays.

Why Not Chicago?

We have received a circular, from a committee having in charge the management of the movement which has been organized to boom New York as the locality for the World's Fair, which is largely devoted to sneering at Chicago's presumption in daring to contest for the honor. There is in this document a smug complacency which assumes that the selection of any other place than Gotham would be a sort of outrage. We confess that we do not see exactly how this supercilious notion is justified. Chicago is rushing along with lightning rapidity to the premiership of all American cities, at least as to ratio of growth. She is in a position to corral a Lake commerce which is really as large, and far more productive of national development, than the foreign commerce of New York. In addition, her citizens are liberal, American and go-aheadative. The progressive denizens of the Lake City propose to raise a fund of $10,000,000 to carry out their plans, and most of this sum they have secured already, while the penurious New Yorkers have only aimed to raise $5,000,000, and they have not yet succeeded in bringing more than one-half of that sum to the fore. Chicago represents a degree of push and development, in a comparatively small cycle of years, that is in the highest degree creditable to the genius of the American people. She is essentially an American city. This New York circular reminds the Chicagoans that New Yorkers have loaned the Lakesiders a great deal of money in the past. What of it? There is no allegation that the advances have not been paid, interest and principal, or that, if the transactions are still current, they will not be paid to the last farthing. The essential littleness of the moneybags of New York was never shown in a broader light than in this circular, which, by the way, is miserably written, down to the details of gross grammatical errors. If New York had been as open-handed and generous, as she has been stingy and mean, in her initiative, there would have been a quite general feeling that the quatro-centenary commemoration of the discovery of America ought to have gone to her. But as it is, people have been set to thinking, with the result of the conviction that it might be just as well that the grand international display should take place in the interior of the continent. The New York newspapers have been bragging about a subscription of $100,000 by the head of the Vanderbilt family. If it had been a million or two it would then have been on a par with the subscriptions of some of Chicago's public spirited business men. New York is behind the age, and if she finally wins it will be on account of her geographical situation, and not on account of the liberality of her citizens.

It is hard to estimate the extent to which honest and self-respecting journals in Los Angeles have been injured by evanescent, meretricious and often scoundrelly publications. In the first place, in the recollection of the writer, fully half a hundred publications have been started in this city, to flicker for a week or a month, and go out in worse than Cimmerian darkness. A thousand "fake" advertising schemes have been exploited in this city during the past fourteen or fifteen years. Not in one instance out of twenty has there been the slightest intention upon the part of the promoters of these newspaper ephemera to do what they profess in the beguiling prospectus with which they approach the business man. As against the well ascertained and reliable circulation of an established daily journal, these publications do the advertisers absolutely no good. But they are generally patronized because they are cheap, and they would really be dear at nothing. The business man who avails himself of the columns of a well accredited daily journal is sure to get the value of his money. Printers' ink is the great open sesame to mercantile success. The dealer who keeps this fact in mind, and gives the go-by to "fake" advertising schemes, is the man who will figure high in the annals of trade. A. T. Stewart, of New York, and Potter Palmer, of Chicago, are striking illustrations of this fact. So were Helmbold and Hostetter, and these were only specimens of a successful and opulent class.

So far the revolution in Brazil has been a complete success. Without the shedding of a drop of blood, an Imperial Government that has lasted since 1822 was quietly wiped out and a Republic declared in its stead. The reigning monarch, who was a wise and liberal ruler, and against whom not a single objection has been raised, succumbed to the inevitable, and he and his family were deported after the Provisional Government had settled upon him a liberal annuity. To all appearances the Republic of Brazil has come to stay; but the leaders of the revolution will be called upon to exercise the tremendous responsibilities they have assumed with extreme care and wisdom to steer the country safely through the difficulties that may arise from factional and sectional jealousies. Until the people in all the Provinces (or States, as they are now designated,) have had a chance to express themselves upon the new order of things, it will not be [illegible] the revolution has fully accomplished its task. No Washington or Bolivar seems yet to have arisen with a character and popularity so far above his fellows as to form the center of the people's confidence. Perhaps Brazil may go through the crisis without such a leader, and if that should prove to be the case, then will this astonishing revolution be emphatically an anomaly in the history of the mutations of notable governments. According to all we have read from the best informed sources, none of the men whose names have appeared conspicuously as leaders of this revolution are considered the best representative men of Brazil for intellectual eminence and astute statesmanship, yet it must be confessed that so far they have done their work in a very thorough and masterly manner. They have shown themselves fit to lead a revolution successfully through its first stages. Are they qualified to establish a government on the basis of republican principles that will meet with the views of the great mass of the people of Brazil? This is the difficult task that will try the timbre of their qualities for the highest order of intellectual achievement.

The conviction of Piña of manslaughter for the killing of Martinez is a triumph of the law of which we confess we do not feel proud. Both men were Indians but one remove from the tribal state. They had both been in Santa Monica, and both had drank freely. Piña started for home, riding one horse and leading another. Martinez followed, and when they reached the mouth of Santa Monica cañon, he renewed a quarrel of old standing with Piña. Martinez used a knife; Piña jumped from his horse and seized a piece of wood. In the mêlée he got the best of Martinez and pounded him to death. It was a savage duel, with the advantage of arms on the part of Martinez. Technically, under the law, Piña should have run away from Martinez. But, not having studied Blackstone or the codes, he met his enemy in mortal combat and got away with him. Let us tell the truth: If Piña had been a white man and had friends, no jury could have been found that would have convicted him.

The news of the extension of the Utah Southern railroad to this city has had a very enlivening effect upon the spirits of our people. The importance of this new railway connection is fully appreciated, and it is looked upon as the one thing needed to round out and complete the agencies of our industrial and commercial development. It would be difficult to forecast the advantages which this road will open to us. It makes us masters of the business of a territory of immense extent and of rich and varied resources, and fixes the future of Los Angeles as a city of far greater expansion and commercial importance than even the most sanguine of her people dared to hope for. When the beneficial effects of this new connection begin to materialize, there will be a rush of immigration here to participate in our prosperity such as was never before equalled.

We have been favored with a great many plans of retrenchment in city affairs, and an effort was even made to cut down the salaries of the policemen and firemen, but we have heard nothing of any attempt to give the taxpayers the benefit of the three per cent. for the custody of the city's moneys involved in the three per cent. bid of the Farmers & Merchants Bank. The fund to the city's credit ought now to amount to a sum whose interest would be a quite notable consideration in the several municipal funds. The Herald's repeated demand has been, "Why is not the city made the beneficiary of the income that ought to accrue from its surplus funds?" Why is this money held in special banks without interest while it ought to be making something to tide over the taxpayer? And echo answers, why?

The proposition for the appointment of a milk inspector commends itself very thoroughly to the appreciation of the people of Los Angeles. As the case stands today the Los Angeles river figures entirely too largely in the lacteal concerns of our people. Without arraigning our excellent water company, or the much improved fluid which is now discharged through its mains, it is not straining the point to say that purchasers of milk would prefer to rely upon the unassisted cow for their milk supply. Of course the appointment would involve an additional expense, but there is a general popular consensus that it should be incurred, and at once.

A reporter of the Herald took a trip over the city yesterday in company with the Board of Public Works. He found that fully twenty miles of streets were being graded at the expense of the property owners. It is really quite remarkable the rate at which Los Angeles is advancing in all the essentials that go to make a bright, clean and attractive city. As compared with even a year ago the transformation is simply magical.

United States Bond Statement.

Washington, November 21.—Register of the Treasury Rosecrans, in his annual report, shows that during the year 21,500 bonds, amounting to $103 894 350 were issued, and 85,149, representing $231,811,450, cancelled. The total amount outstanding is $762,428,812, of which amount only $10,362,850 is held abroad. Of the amount held at home, individuals and trustees hold $332,503,112; insurance companies, etc., $46,864,000; savings banks, mutual benefit and other institutions, $176,367,000. There is outstanding in treasury notes, certificates, etc., $813,865, very little of which will probably ever be sent to the Government for redemption, because lost or destroyed. The Register makes a number of recommendations.

A Collision on the Sound.

Seattle, Wash., November 21.—The steamship City of Puebla and the schooner Premier collided off Skaggitt Head, early this morning. The schooner's head gear was damaged to the extent of $1,000

WASHINGTON WIRINGS.

The Federal Authorities Antagonized in Texas.

INTERESTING NAVAL STATISTICS.

The Recognition of the Brazilian Republic Tabled by the Pan-American Congress.

Associated Press Dispatches to the Herald.

Washington, November 21.—Attorney-General Miller has received a long report from the United States Marshal of the Northern District of Texas regarding the difficulty of administering the Federal laws in consequence of the feeling of hostility on the part of certain State officials. The trouble arose from the steps taken by the Federal officers for the protection of the four Marlowe brothers, held as Government witnesses. A portion of the community became exasperated at these men and attempted to wreak summary vengeance upon them. As the jail at Graham is not secure the Federal officers started to remove them to a safer place. They had not proceeded far when attacked by the mob. Two of the Marlowes were killed on the first onslaught, when the other two wrested knives from their assailants, amputated the feet of their dead brothers' to whom they were manacled, and fled to a farmhouse, where they held the mob at bay until assistance arrived. Three of the mob were killed and a number wounded.

Among those who have been indicted for complicity in this attack on Government prisoners, are two Constables, the Sheriff, a Deputy Sheriff, the County Attorney and a son of the County Judge.

The District Attorney says if the processes of the courts of the State are prostituted to shield from prosecution those who in this manner defy the laws of the United States, respect for such processes must cease. The municipal government of Young county not only fails to provide a suitable jail for the use of the United States Court, but its officers are in violent antagonism thereto. He does not see how they can avoid the necessity of armed men at Graham during the sessions of the United States Court, and makes an appeal that Congress remove the court to some other point.

THE NEW NAVY.

Commendable Progress Being Made in Reconstruction.

Washington, November 21.—Theodore Wilson, Chief of the Bureau of Construction and Repair, has submitted to Secretary Tracy a voluminous report of the operations conducted under the supervision of the bureau during the year ended June 30, 1889, and containing estimates for the coming fiscal year, ending June 30, 1891. The latter includes: Salaries in the bureau, $21,520; preservation and completion of vessels on the docks, purchase of materials and stores of all kinds, labor in the navy yards, etc., $1,000,000; clerks, etc., in the navy yards, $12,972; improvement of the plant at the New York navy yard, $25,000; Norfolk navy yard, $50,000; Mare Island navy yard, San Francisco, $75,000; account hulls and outfits of new ships heretofore authorized by Congress, $4,000,000; improvements for plant at Portsmouth navy yard, $150,000; at Boston navy yard, $150,000; at League Island navy yard, Philadelphia, $250,000; construction of two tugs, $80,000; construction of one freight boat, $450,000.

During the year 1888-89 the following expenditures were made: Repairs on vessels at navy yards, $373,364; construction and repairs, $779,943; labor at navy yards and materials, $140,905; civil establishments, $19,925; steel cruisers, $4,528,400; repairs of vessels, $120,164; increase of the navy, $748,127.

The Commodore presents a lengthy argument in favor of increasing the efficiency of the navy yards, as indicated in the estimates, saying this great nation should not close any navy yard. The report says that after eight or nine years there will be no wood fossils remaining in active service. A deficiency appropriation will be necessary in order that the work of construction and repair may be carried on during the remainder of the present fiscal year without interruption. The single turreted monitors are said to be now in a worse than useless state, and the report recommends that something be done with them. To put them into condition for efficient service in harbor and coast defense will cost, it is estimated, $450,000. There are thirteen of these monitors.

Commodore Wilson calls attention to the difficulty of obtaining satisfactory bids for the construction of vessels when the cost is limited by the acts authorizing them to be built, and recommends that in the future the bureau be not crippled by such legislation.

With the completion of the vessels now building and appropriated for, the United States will possess ten armored vessels, thirteen single turreted monitors, twenty-one steel cruisers or gunboats, two dynamite cruisers, a practice cruiser for cadets, an armored ram, one first class torpedo boat and seven iron steamers. The work of re-building the navy is progressing very satisfactorily, and the results accomplished during the past six months are a sufficient guaranty of the purpose of the Department to advance the work with the utmost rapidity, and of its energy and success in the performance of the task. The vessels already under contract and building at the navy yards are progressing favorably, and some are rapidly nearing completion. The progress made upon the armored cruiser Maine, at the navy yard at New York, deserves special mention, and is very creditable to that yard. It will thus be seen that as far as lies within the power of the Department it is vigorously endeavoring to satisfy the popular demand for establishing a navy worthy of the United States, and commensurate to its importance as a maritime power.

Washington Notes.

Washington, November 21.—Santa Rosa, Cal., will be a free delivery office after January 1st.

President Harrison has appointed the following postmasters: John G. Evans, Butte City, Montana; Vining A. Cook, Boulder Valley, Montana; Helen F. Menough, Rock Springs, Wyoming.

The Secretary of the Interior has requested and received the resignation of H. A. Phillips, chief of the middle division of the Pension Office, one of the rerated pensioners.

Ex-Commissioners of Pensions Dudley and Tanner have formed a co-partnership in the pension and claims business. It is stated that General Alger informed Tanner that he is ready to render him whatever financial aid he may require.

The President appointed James H. Beatty, of Idaho, Chief Justice of Idaho.

The Quinnebaugh and Juniata, which have been condemned by the Board of Survey, were yesterday stricken from the list of vessels of the navy.

The President has appointed Thomas Clay McDowell Collector of Internal Revenue for the Seventh District of Kentucky, vice W. C. Goodloe recently killed. The appointee is a son-in-law of Goodloe.

Secretary Noble has had under consideration for some time past the question of re-rated pension cases, and more especially the cases of employees of the Pension Bureau. It is understood that a decision was reached that such of the employees as were instrumental in having their cases re-rated and increased shall be dismissed from the service, and the money so obtained recovered, if necessary, by legal process.

PAN-AMERICAN CONGRESS.

A Motion to Recognize the Brazilian Republic Tabled.

Washington, November 21.—Secretary Blaine called the International American Conference to order this afternoon, and immediately surrendered the chair to Dr. Guzman, delegate from Nicaragua.

Dr. Valente, the Brazilian Minister, arose and said the Brazilian delegates had been prevented from occupying their seats at the preceding sessions for reasons which must have been apparent to the other delegates. They were now, however, ready to lay before the President their credentials that they might be acted upon in due course. The announcement was greeted with loud applause.

Delegate Henderson, of the United States, immediately offered the following resolution:

Resolved, That the Congress welcomes the United States of Brazil into the sisterhood of American Republics."

After the introduction of the resolution Delegate Hortado, of Columbia, moved that the resolution be tabled, as it was not proper for the delegates to recognize the new government in the absence of instructions from their own governments. This was seconded by several delegates.

Mr. Henderson said he was sorry to place any other representatives in an awkward position, but as far as he was concerned he should bail with equal pleasure the announcement that Spain or England or any other monarchy had adopted republican institutions. If this great change had been accomplished in Brazil without bloodshed and her representatives were here, why wait for the announcement that the republic had been formally recognized by other governments.

The Chilian delegate agreed with Henderson's idea generally, but felt constrained to postpone the matter out of regard for the official character of some of the delegates.

Henderson's resolution was then tabled, only Venezuela and Uruguay voting in the negative. Consideration of the rules was not completed at adjournment.

THE BASEBALL CONTROVERSY

The League Managers Publish a Wordy Manifesto.

Philadelphia, November 21. — The committee of the National Baseball League has issued a lengthy address to the public, defining the position of that organization in the present baseball controversy. The address glorifies the work of the National League for the past fourteen years, setting forth at length how it has rescued the national game from the slough of corruption and disgrace into which it had fallen in professional playing prior to 1876. It tells of all the reforms the league has accomplished, and how it has brought baseball to a high standard; how the salaries of the players have more than trebled, and how a higher degree of skill has been attained.

Speaking of the causes of complaint, it says the "reserve rule" was adopted for the benefit of the weaker clubs, as a check upon competition, and that the weaker clubs might have the nucleus of a team for the next season. The system proving beneficial, the reserve list was increased. Incident to reservation, arose releases for pecuniary considerations, but, the address says, except in cases of disbanding or retiring, a club's right or a club's claim had never been transferred without the players' co-operation and consent. In the exceptional case of the disbandment or retirement of a league club, of which complaint was made by the brotherhood in 1887, a committee of players, after a conference, were obliged to admit that such involuntary transfer was absolutely essential to the welfare of the league.

The address calls attention to the fact that the new Players' League has given the "extraordinary power" of transferring players, with or without their consent, or the club disbandment, to a central tribune of sixteen directors, and says in view of these facts, the use of the terms "slavery," "sold like sheep," etc., becomes absurd. At the annual meeting of the league, in November, 1887, the brotherhood received recognition on the statement of its representatives that it was organized for benevolent purposes, and disavowing any intention to interfere with the business affairs of the league. This contract has never been violated by the league in letter or spirit.

Regarding the alleged "enormous profits" of the league clubs the address says that during the past five and only prosperous years the league has known, there has been paid in cash dividends to stockholders in the eight league clubs less than $150,000, while during the same time the league players have received in salaries over $1,500,000.

The address says that the brotherhood, when they made a demand for a conference this summer, said there was no urgency for the consideration of their claims, and that the league could not, without a sacrifice of pecuniary and other interests, convene its clubs in midsummer. They desired a refusal, and started the organization of a rival association while receiving liberal salaries from their employers. They secured the signatures of numbers of their brother players under the false promise that they would only secede in the event of the league refusing them justice, and for some time after the publication of their "conspiracy" of September 7th, they and their abettors denied that there was any foundation for the story, and repeatedly pledged their word that the league should have a chance.

The address concludes from all this that "an edifice built on falsehoods has no moral foundation, and must perish of its own weight." The league will aid its clubs in enforcing contract rights, and will continue to do business as heretofore.

PFEFFER DENIES THE LEAGUE ALLEGATIONS.

Chicago, November 21.—Fred Pfeffer, when shown the address of the National League tonight, denied that there is anything in the brotherhood contract, as alleged by the league managers, compelling the transfer of players from one club to another.

Pfeffer has secured the signatures of Duffy, Ryan, Farrell, Darling, Tener, Baldwin, King, Dwyer, Bastian, Latham and Williamson to play in the Chicago brotherhood team next year.

MORE GOOD NEWS.

Rock Island and Santa Fe Combine.

A MOST IMPORTANT UNION.

A New Traffic Agreement That Will Greatly Benefit Southern California.

Associated Press Dispatches to the Herald.

Chicago, November 21.—It came to light today that an important traffic agreement has been made by the Rock Island and Santa Fe routes for the handling of through traffic between Chicago and all points on the Pacific Coast. Dodge City, Kansas, is made the junction point. By this arrangement a line shorter than any other from this city to all California points south of Los Angeles is created, while the distance to San Francisco is but 222 miles greater than via the Union Pacific. The route has the advantage of being so far south that it will never be blocked with snow, and during the winter months through trains are expected to be able to make a better average than those on the more northerly routes. The contract is for a long term of years, and is even stronger than that of the Union Pacific and Northwestern. The agreement goes into operation immediately, so far as freight traffic is concerned, and a through passenger service will be established as soon as the necessary arrangements can be made.

The final details of the arrangement were finished late this afternoon, and the contract duly signed by the proper officers of the interested companies. By the terms of the contract, the Rock Island and Atchison bind themselves to the operation of a through line, to be known as the Rock Island and Santa Fe route. The agreement provides for the handling of all freight in through cars, and on through bills when the traffic originates east of the Missouri river or on the Pacific Slope.

The route from Albuquerque will be over the Atlantic and Pacific division of the Santa Fe to Mojave, and thence over the Southern Pacific to San Francisco. The Southern Pacific is powerless to prevent the scheme, owing to the perpetual contract of the Atlantic and Pacific for the use of the Southern Pacific tracks.

The agreement between the Atchison and Rock Island provides that each road shall give preference to the other in the interchange of business, no matter what future alliances may be made by either. The signing of the contract was delayed several days in order that a perfect understanding might be reached on this point. The Santa Fe people would not sign until President Cable promised that whatever treaty might be made with the Colorado Midland, the Rock Island would give the Atchison car for car on transcontinental business.

The Rock Island and Atchison are strong competitors between Chicago and the Missouri river, and also between Chicago and Denver. The agreement does not affect their relations in this respect, except that it binds them to harmonious action in all matters affecting rates. This insures a strong combination for the maintenance of rates in the Southwest.

CRIMES OF MORMONISM.

More Witnesses Testify to the Endowment Oaths.

Salt Lake City, November 21.—In the Mormon investigation today, Mrs. B. Smith, a niece by marriage of Joseph Smith, was called as a witness for the church. She had officiated in the Endowment House, but knew of no oath taken to avenge the blood of Joseph and Hiram Smith.

George Q. Cannon, the noted Mormon leader, was called by the prosecution and identified a circular sent out by himself and John Taylor in 1885, calling on the saints in this and adjoining Territories to contribute to a fund for the defense of the Mormons charged with the violation of the Edmunds law, etc.

Mrs. Gilmore went through the Endowment House seventeen years ago with a number of others, all of whom were called upon to swear to avenge the blood of Joseph and Hiram Smith upon the American nation, and teach it to their children and children's children to the fourth generation. Anyone who violated the oath or revealed the secrets was to be killed.

Henry W. Lawrence, President of the Chamber of Commerce, testified that he became a Mormon in childhood; came to Utah thirty-nine years ago; officiated in the Endowment House several years, and was excommunicated in '69 for questioning the right of the priesthood to dictate in temporal affairs. Persons going through the Endowment House always took the oath of vengeance. There was another covenant to obey the priesthood in all things, and the penalty of death was attached to the violation of the covenants or revealing the secrets of the house. In the time of Brigham Young the priesthood was supreme, and Young controlled the people in all things. The church was in opposition to the Government. Witness and some others started a magazine to disseminate more advanced ideas, and were tried before a council of priests, with George Connon as prosecutor, and excommunicated. It was claimed for the church that it was the literal kingdom of God, its jurisdiction extending to all things. It was expected to control the whole earth in time, and then Christ was to come in person and take charge. When witness was excommunicated he was doing a business of $15,000 or $20,000 a month, but after his trial his business fell off greatly and he was socially ostracized.

Cross-examination failed to shake Lawrence's testimony.

Penrose has not yet filed his statement, and the Court ruled this afternoon that the investigation will be closed until Penrose purges himself of contempt.

ANOTHER OREGON WRECK.

The Tug Fearless Lost with All Hands Aboard.

Empire City, Ore., November 21.—The tug Fearless, owned by the Simpson Lumber Company, was wrecked on Umpqua bar on Tuesday evening while returning from Astoria. George Marshall, a cannery owner, who is supposed to have been on the boat, Captain James Hill, Engineers Keating and Graw and two deck hands are lost.

The Robbers Further Identified.

Tucson, Ariz., November 21.—In the Wham robbery case fourteen witnesses testified today. C. H. Roper passed the scene of the robbery two days previous. He saw the men up among the rocks, and identified Gilbert Webb as one of them. Several witnesses testified as to the absence o the defendants from their homes the day of the robbery, and their return the day after; also concerning the finding of articles belonging to defendants, in conjunction with some belonging to the Wham party.

THE CRONIN TRIAL.

Expert Testimony Introduced by the Defense.

Chicago, November 21.—In the Cronin case today Patrick Dinan, the owner of the white horse which drew Cronin to the Carlson cottage, testified that the horse was now in a dime museum.

Louis Badenbeader, of Hoboken, N. J., who lived in Chicago at the time of Cronin's death, testified that he saw Cronin go away from his home on the night he was murdered; that the horse which drew the buggy was not Dinan's white horse, but a gray animal with white legs.

Marshall D. Ellwell, a medical and microscopical expert, testified that no means are known to science by which human hair can be certainly distinguished from any other hair.

Drs. Meyer and Curtis occupied the remainder of the session. Their testimony was in the same line as that of the preceding expert.

A man named Martin came to Judge McConnell this afternoon and said he had knowledge of great value to the prisoner Coughlin, namely, that he (Martin) had seen Coughlin between 9 and 10 o'clock the night of May 4th at the East Chicago-avenue police station. He kept quiet about this before, because he did not want to be mixed up in the case, but his conscience would not allow him to keep silent any longer. He will probably be placed on the stand tomorrow.

SULLIVAN RECONSIDERS.

He will Fight Jackson for $15,000—San Jose's Offer.

San Francisco, November 21.—Sporting Editor Daley, of the *Illustrated World*, tonight sent the following dispatch to John L. Sullivan: "Am authorized by the San Jose Athletic Club Association to offer you $15,000 for a finish fight with Peter Jackson. Respond."

HE WILL FIGHT FOR THAT SUM.

Boston, November 21.—Tonight Sullivan reconsidered his decision and said he would fight Jackson in San Francisco for a $15,000 purse.

Sullivan said: "I intend to purchase a farm within ten miles of Boston and give my whole attention to raising horses. I don't care whether I fight again or not. I have plenty of money, although they say I am broke."

BAY CLIMATE NOTES.

San Diego Trying to Raise a Railroad Subsidy.

San Diego, Cal., November 21.—At a meeting tonight to raise a subsidy to offer to any transcontinental railroad that will make a terminal at San Diego bay, over $100,000 was subscribed. It is proposed to raise from half a million to a million. A committee was appointed to solicit subscriptions, and half a million will no doubt be raised.

The largest cargo ever brought to San Diego came in this morning by the American built ship America. She docked at the Santa Fe wharf with 350 tons of coal from Vancouver island. She draws twenty-six feet of water.

James Hawkins was arrested at San Dieguito, yesterday, on the charge of embezzlement preferred by the St. Louis firm for whom he worked prior to coming to this section. He left this evening in charge of an officer for the latter place.

Grape-Growers and Wine-Makers.

San Francisco, November 21.—At the monthly meeting of the Grape-Growers' and Wine-Makers' Association today, Commissioner Wetmore complained that the grocerymen and small merchants, instead of catering to the true demand of the people, were engaged in pushing their own especial brands, and on his motion a committee was appointed to secure some redress.

An address of the Viticultural Protective League at Los Angeles was read by Geo. H. Maxwell, in which the league protested against the internal revenue laws as now interpreted and enforced, as placing in the hands of one officer the combined power of the Legislative, Executive and Judicial branches. A resolution was adopted by the meeting endorsing the league's protests and pledging that organization support.

Important Probate Decision.

San Francisco, November 21.—An opinion was filed by the Supreme Court today, in the case of the estate of Robert Gilmore, affirming the principle that a husband has no testamentary control over his wife's half of the community estate.

Deceased, by his will, bequeathed to his widow one-half of all his property, the remaining half to his children and grandchildren. The entire property was community property and property acquired after marriage. The widow contested the will, holding that she was entitled to three-fourths of the property, one-half of her proportion in the community property allowed by the law, and half the remainder allowed by the will. The children contended that she was entitled only to one-half of all the property. The court decided in favor of the widow.

News from Alaska.

Victoria, B. C., November 21.—The steamer Elder arrived from Alaska last night with the last of the northern salmon pack for the season, consisting of 2,000 cases. News was brought that the war ship Thetis arrived at Juneau on the 3d instant with Governor Knapp aboard. He is making a tour of Southeastern Alaska in the Thetis, acquainting himself with the wants and requirements of the Territory. All the mines in the Basin have closed down for the season, with the exception of the Treadwell.

The Oakland's First Shut-Out.

San Francisco, November 21.—The San Franciscos defeated the Oaklands this afternoon by a score of two to nothing. This is the first time a California club has succeeded in shutting out the Oaklands. The game was one of the best played this season, and was full of snap from beginning to end, both teams fielding with almost errorless accuracy, but Clark's pitching proved too much for the Oaklands.

The Vanderbilt Representatives.

San Francisco, November 21.—George H. Daniels, General Passenger Agent of the New York Central road, and other passenger representatives of the Vanderbilt road, left for Los Angeles tonight, accompanied by W. H. Baldwin and Amos Burr, Mr. Baldwin's assistant at Los Angeles. Mr. Baldwin has charge of the party.

Commissioners Not Indicted.

San Bernardino, November 21.—The report of the Grand Jury, submitted this morning, contains no allusion to the investigation of the alleged bribery in connection with the location of the asylum site. There were ten indictments found by the jury.

FOREIGN FINDINGS.

Stanley Emerging From the Wilds of Africa.

AUTHENTIC REPORTS RECEIVED.

Important Geographical Discoveries. The New Regime in Brazil Working Smoothly.

[Associated Press Dispatches to the HERALD.]

LONDON, November 21.—Mackinnon, the head of the Emin Pasha Relief Committee, received a cable from Henry M. Stanley, announcing his arrival at Mpwapwa, and stating that he expects to reach Zanzibar in four or five days.

The dispatch also states that he made the important discovery that there is an extension of Lake Nyassa.

Victoria Nyanza, Stanley says, is 1,900 square miles larger than reported by Speke, whose statement regarding the size of the lake was supposed to be an exaggeration. Ujiji. also, which Speke so lightly sketched, turns out to be a very respectable lake, with populated islands.

Stanley has with him 750 persons, of whom 220 are Emin's followers. Stanley lost only eighteen men during the march from Victoria Nyanza. He had four days' fighting near Usukama.

The British Consul at Zanzibar telegraphs to the Foreign Office that Stanley arrived at Mpwapwa the fifty-fifth day after his departure from Victoria Nyanza, and the 188th day after leaving Albert Nyanza. Stanley left Mpwapwa the 12th, traveling toward the coast by way of Kemba and Mweni. Stanley made an unexpected discovery of real value in finding an extension of Victoria Nyanza toward the southwest, which brings it within 155 miles of Lake Tanganyika. The area of the extension is 26,000 square miles.

Stanley, in a letter to the British Consul at Zanzibar, tells of the hard time the expedition has had, and how many of his people have died off. South of Victoria Nyanza there was continuous fighting for four days. The natives took an unaccountable prejudice against Emin's people, insisting that they were cannibals. Talking was useless, as any attempt to disprove their impression only drove them into a white heat of rage, and in mad hate they flung themselves upon Stanley's forces and suffered severe losses.

THE NEW REPUBLIC.

Universal Suffrage Declared—Peace Still Reigns.

RIO JANEIRO, November 21.—The provisional government has issued a decree establishing universal suffrage throughout the republic. The suffrage proclamation entitles all Brazilians able to read and write to vote. The commanders of the navy have sworn allegiance to the republic. Viscount Preto, Chief of the deposed Imperial Ministry, has left the country.

PEACE REIGNS.

WASHINGTON, November 21.—Dr. Valente, Minister from Brazil, called at the State Department today and informed the Secretary that his latest advices from Brazil were to the effect that peace reigns, and the new government is receiving the support of the people. Dr. Valente also received this morning an authority from the provisional government instructing the representatives of Brazil to the International American Congress to continue to act for their country in the session of the Congress. It is supposed similar instructions have been sent to the delegates of the International Marine Conference.

BREAKERS AHEAD.

NEW YORK, November 21.—Charles R. Flint, a Philadelphia importer doing a large business with Brazil, received a cable from Para this morning as follows: "Island rubber $20.50 and up river rubber $21.50; exchange 27⅜. No political troubles prevail at present, but there are fears of serious complications later."

THE GERMAN BRAZILIANS.

LONDON, November 21.—The Berlin correspondent of the *Chronicle* says: "The hope is generally expressed here that in the event of a split-up the 200,000 Germans in Southern Brazil will ask for German protection. It is not improbable that an attempt will be made, with the help of the colonial party here, to secure partial if not complete independence."

French Affairs.

PARIS, November 21.—A meeting of the Cabinet was held today. Barbey, Minister of Marine, announced that the corvette Seine had been dispatched to Brazil to protect the interests of French residents.

In the Deputies today, Leydet offered a motion in favor of allowing the free manufacture of matches. Rovier, Minister of Finance, wanted to withdraw the company's concession and to establish a direct Government monopoly. This was defeated. Afterward, Rouvier wanted to resign, but Premier Tirard dissuaded him.

Malietoa Reinstated.

LONDON, November 21.—A dispatch from Samoa, by way of Sydney, N. S. W., says: Malietoa was reinstated, amid great rejoicings, on the 9th inst. The British, German and American agents issued proclamations, recognizing Malietoa as King. Fears of famine are ended.

Eastern Echoes.

PRINCETOWN, Mass., November 21.—The United States squadron put in here for harbor tonight, the weather being too thick to hazard the run for Boston.

TORONTO, Ont., November 21.—Andrew C. Drum, under arrest for forgery in Kansas City, was discharged, no one appearing against him.

TORONTO, Ohio, November 21.—Three boys were playing with a can of powder in a coal mine today, and in some manner exploded it. Two of them were fatally injured.

NEW ORLEANS, November 21.—A street car containing nine passengers was struck by a locomotive this morning, and Mrs. Beale was instantly killed. The other passengers escaped with a shaking up.

NEWBURNE, N. C., November 21.—A tremendous storm today demolished Gray's pulp factory. One of the employees was killed, another fatally injured and eight badly hurt.

CHICAGO, November 21.—T. M. Bailey, ex-Cashier of the Security Loan and Savings Bank, has disappeared. He is reported to have fraudulently obtained money and jewels valued at $10,000. He was recently discharged by the bank.

ATLANTA, November 21.—Powderly says of the case alleged to be brought against him by Callahan, that it grows out of a newspaper attack upon him by Callahan, and probably instigated by McGaw, recently expelled from the order. He also intimated that the Reading railroad was behind the charges.

CHICAGO, November 21.—Tolman Wheeler, one of Chicago's widely known and wealthy men, died last night, aged 88. He had been famous for his gifts to charitable and benevolent institutions, having disbursed over $600,000 in this manner during his life. It is understood that his will bequeaths as much more for similar purposes.

NEWARK, N. J., November 21.—Henry Wurtman, aged 34, employed by the Dwyer Brothers at their race-track at North Elizabeth, was murdered tonight by some colored men, also employed there, one of whom has been arrested. Wurtman won considerable money today, and it is supposed robbery was the motive of the murder.

PHILADELPHIA, November 21.—Chas. B. Wigton, Secretary of the Glamorgan Iron Company, was this afternoon placed under $15,000 bail, to answer the charge of forgery preferred by Parnee & Co. It is stated that Wigton admitted altering the date on a note for $10,000, which is now in the bank. The note was sold to brokers by R. L. Wigton, President of the Glamorgan Iron Company and father of the Secretary.

CLEVELAND, Ohio, November 21.—The Federal Steel Company, a gigantic corporation formed for the purpose of combining all the wire, nail and barbed wire manufacturing plants of the country and controlling these three great industries, as previously outlined in these dispatches, has been formally organized, and the directors and stockholders are now in session in this city closing contracts with the producers of raw material, and accepting options held upon the stock of companies which will form part of the consolidation.

A North Dakota Senator.

BISMARCK, N. D., November 21.—In joint session of the Legislature today Gilbert A. Pierce was formally elected United States Senator. He made a graceful speech of acceptance. As soon as the joint assembly dissolved, the Johnson men in the House attempted to force the vote for the second Senator, but a motion to adjourn prevailed. Johnson's strength is thought to be waning and Ordway's coming up.

SMALL FRY PARTIES.

The Law Bars Them Out of Elections in Missouri.

KANSAS CITY, November 21.—Unless the law providing for the holding of elections in this State is changed before next election the Prohibition party will be unable to place a ticket in the field. The law passed by the last Legislature provides that no political party that did not at the last election poll three per cent. of the entire vote cast shall place in nomination candidates for office. At the last election about 500,000 votes were cast, of which the Prohibitionists cast 5,000. It is also doubtful whether the Union Labor party will be able to place a ticket in the field. It is understood that representatives of these parties will contest the constitutionality of the law.

Anguish Unspeakable

is endured by the victims of inflammatory rheumatism, and any form of the disease may reach that agonizing phase or attack the heart and cause death. Unhappily they who feel its preliminary twinges seldom realize this. Like other possibly dangerous maladies, rheumatism is often disregarded at the outset. Well will it be for him if this brief notice shall serve as a warning of future peril or pain to a reader troubled with incipient rheumatism. The proper sequel will be an instantaneous resort to the great preventive depurent, Hostetter's Stomach Bitters, whose brevet of professional commendation popular experience has confirmed. There is no finer or more genial antidote to the virus of rheumatism in the system. Botanic in its origin, it is free from the objections attaching to depurent poisons liable to be taken in more than the infinitesimal dose. The Bitters conquers malaria, indigestion, liver and kidney troubles.

WEST ENDERS.

Improvements Talked About at Their Meeting.

The West End Board of Trade met on Wednesday evening, President Register in the chair.

Dr. M. H. Alter and J. P. Colwell were admitted to membership.

E. E. Galbreth, Chairman of the Committee on Fire and Water, reported that the new pumping works of the Citizens' Water Company are being placed in position, and that the reservoir has been enlarged. The same committee were instructed to request the Fire Commissioners to place a fire alarm at the corner of Beaudry avenue and Temple street, and to ascertain whether the West End has its due proportion of fire alarms.

Colonel Dailey, Chairman of the Committee on Parks, reported that he had made a careful examination in the matter of the proposed dedication of lands adjacent to Reservoir No. 4 for a public park, and he offered a resolution, which was adopted, with some amendments, requesting the City Council to institute proceedings at once for settling the question of title to lands adjacent to Reservoir No. 4, lying south of Reservoir street, and dedicate the same to the uses of a public park.

J. Mills Davies, Chairman of the Street Committee, reported that they had gone before the City Council in the interest of petitioners for establishing a traffic grade on Temple street, from Burtz street to the city limits, but the matter was referred to the Board of Public Works, who have invited the Street Committee to accompany them on a visit of inspection to that district. Mr. Davies called attention to the need of regrading Pearl street, from Temple street to Bellevue avenue, and the immediate need of a storm-drain at the intersection of Pearl street and Bunker Hill avenue. The matter was referred to the Committee on Streets.

President Register explained the status of the assessment for regrading Temple street; that there are two Temple streets in the city, and the question has been raised upon which one is the assessment to be made.

The committee on the "misfit" grade of Bellevue avenue, at the junction of Holiday street, reported that the City Engineer had examined the work and that he had pronounced it faulty.

On motion of Major Frew, the Street Committee were requested to direct the attention of the Board of Public Works to divers "lagoons" caused by the unskillful manner in which the grades were made at the junction of Cummings avenue and Figueroa street, Temple and Waters, Bellevue avenue and East Edgeware road, and Holiday street and Bellevue avenue.

There was much dissatisfaction expressed by many members present at the mistakes made in the grading of other streets.

Mr. Haas, of the Street Committee, reported the dangerous condition of the plank covering on the Second-street cable road, and was directed to call the attention of the Street Superintendent to the same.

Adjourned.

All that Ride Continuously,

TAKE NOTICE.

It is a well-known fact that nine out of ten of all classes of people whose business calling is railroading, where they ride day in and day out, will sooner or later complain of severe pains in their backs. Caution. What does this mean? Ask yourselves the question. We will answer it for you. Your kidneys are fast becoming diseased, and if you neglect them there is one result—certain death. We have had many cases, and hold testimonials of railroad men that have taken their trouble in time, and by the use of the greatest vegetable remedy that has ever been introduced in the world, viz: THE GREAT SIERRA KIDNEY AND LIVER CURE, have been cured and their kidneys strengthened to such an extent that they can pursue their vocations without fear. This wonderful remedy is becoming daily the most popular of any Kidney and Liver Cure that ever has existed. Give it one trial and you will send to us a testimonial to add to our large and fast increasing list.

EXCHANGE REVIEW.

NEW YORK, November 21.—The stock market was a traders' market today, and the business done showed considerable falling off from that of the past few days, while the temper of the dealings was alternately strong and weak, and within narrow limits, and the final changes, while generally in the direction of lower figures, are for small fractions only. The only important declines are Sugar, 1½, and Chicago Gas, 1⅛ per cent.

Government bonds were dull and steady.

Petroleum opened steady at 109¾, but after some slight fluctuations, became weak and declined slowly until the close, which was weak at 109.

Stock Exchange—Opening, 109¾; highest, 109⅞; lowest, 109; closing, 109.

Consolidated Exchange—Opening, 110; highest, 110⅛; lowest, 109⅛; closing, 109⅛. Total sales, 447,000 barrels.

MONEY QUOTATIONS.

NEW YORK, November 20.—Money on call close at 4@7 per cent.; close offered at 2c.

Prime mercantile paper, 5½@7½c.

Sterling exchange—Dull and weaker; 60-day bills, $4.80¾; demand, $4.85.

Bar silver, 95¾c. per ounce.

SAN FRANCISCO, November 21.—Silver bars, 96@96¼c. per ounce.

Chronic Diseases of the Blood, Etc.

OFFICE—37 SOUTH FORT ST.,
Between First and Second streets, Los Angeles, Cal.

OVER 100,000 CASES TREATED DURING the past 22 years. All diseases of the respiratory organs treated by the most improved MEDICATED INHALATIONS and the OXYGEN TREATMENT, which has such a wonderful reputation in the East.

OXYGEN antagonizes and thoroughly removes every poison of the system from the Blood, no matter from what cause it exists or how long it has continued, and is efficacious in the cure of Catarrh, Throat Diseases, Asthma, Bronchitis, Consumption, Nervous Prostration, Insomnia and Dyspepsia, etc., together with any poisoned condition of the blood.

In all cases of Catarrh and other diseases of the Respiratory Organs, where the system suffers from the deleterious effects of scrofula or other vitiated condition of the blood local treatment is invariably conjoined with constitutional remedies.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business whatever.

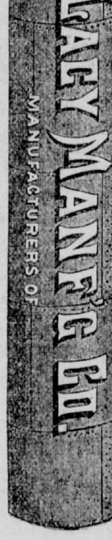

I have seen so many of these cases cured that I do not consider any case hopeless, unless the disease has advanced to the chest and both lungs are seriously involved. The inhalations aid us in dissolving the mucus and in connecting and healing the cavities, which nothing else can do with the same success.

The very best of references from those already cured.

Those who desire to consult me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally can write for list of questions and circular, both of which will be sent free of charge. Address

Maley, John Doe, Richard Roe, Mary Doe and Jane Roe, defendants:

You and each of you are hereby required to appear in an action brought against you by the above named plaintiff in the Superior Court of the County of Los Angeles, State of California, and to answer the complaint filed therein within ten days (exclusive of the day of service,) after the service on you of this summons, if served within this county; or if served elsewhere within thirty days, or judgment by default will be taken against you, according to the prayer of said complaint.

This action is brought by the plaintiff against you, alleging that there is due and unpaid upon the agreement hereinafter referred to, from defendant, W. G. Benedict, to him, a large sum of money, and to foreclose said agreement in writing, bearing date the 27th day of August, A. D. 1887, and recorded in the office of the County Recorder of the said County of Los Angeles, on the 31st day of October, 1887, in Book 321 of Deeds, at pages 241 et seq., a copy of which agreement is set forth in the complaint herein, and in which agreement the said plaintiff contracted to sell, and the said defendant, W. G. Benedict, contracted to buy from the plaintiff, upon the terms and conditions in the said agreement set forth, all of that certain parcel or lot of land situated in the Rancho Santiago de Santa Ana, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Commencing at a point on the east line of Daniel Halladay's land 330 feet south of the northeast corner of said land; said northeast corner is situate in the center of First street on the north line of Section 18, Township 5, South Range 9 west, running thence south 111¼ rods, thence east 24¾ rods to the west line of land formerly owned by D. H. Samis, thence south along the west line of said land 131¾ rods, more or less, to the north line of land now or formerly owned by J. and R. McFadden, thence west along the north line of said land 97¼ rods, thence north 131¾ rods, more or less, to the southwest corner of land formerly owned by Frances Denney, thence east along the south line of said land 48¾ rods to the southeast corner of said land, thence north along the east line of said Denney tract 111¼ rods to the north line of Walnut street as laid out through land formerly owned by M. D. Halladay, thence east along the north line of said Walnut street 24¾ rods to the place of beginning

In the said action, the plaintiff prays judgment against you, and that in and by said judgment the court adjudicate and determine the amount of the balance to be paid to the plaintiff by said W. G. Benedict, for and on account of said agreement to purchase said land, and that the court fix the time within which the amount of the balance shall be paid by the said defendant, Benedict, to plaintiff; that said defendant, Benedict, be required by the court to make such payment within the time so fixed, and that in the event of the failure on his part to make such payment, that he and all of the other defendants herein be foreclosed of all their right, title and interest in and to any and all claims upon the lands described in the said agreement, and not previously conveyed, as shown in said complaint; and that the plaintiff may recover of the defendant W. G. Benedict, his costs of suit, and may have such other and further relief as to the court may seem proper.

Reference is had to complaint for further particulars.

And you and each of you are hereby notified that if you fail to appear and answer the said complaint, as above required, the said plaintiff will cause your default to be entered, and the plaintiff will apply to the court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the county of Los Angeles, this 19th day of July, in the year of our Lord, one thousand eight hundred and eighty-nine.

PROPOSALS TO MOVE THE PINE STREET SCHOOL BUILDING.

PROPOSALS WILL BE RECEIVED BY THE undersigned up to 11 o'clock of Monday, the 25th day of November, 1889, to move the Pine street school building from its present site to the site selected on the Mead & Dalton tract, as per specifications on file in the office of the Superintendent of Buildings.

A certified check for $100 must accompany each bid.

The Council reserves the right to reject any and all bids.

By order of the Council at its meeting of November 18, 1889.

FREEMAN G. TEED,
n20 4t City Clerk.

NOTICE OF STREET WORK.

NOTICE IS HEREBY GIVEN THAT ON Monday, the 11th day of November, A. D. 1889, the Council of the city of Los Angeles did, at a regular meeting, adopt an ordinance of intention to construct a cement sidewalk and curb, the curb to be of cement, on both sides of Figueroa street, in the city of Los Angeles, from the south curb line of Pico street to the north curb line of Washington street, except that portion of said street already sidewalked with cement or asphalt, or curbed with cement or granite, according to plans and specifications on file in the office of the City Clerk for making graveled streets and constructing redwood curbs, to which said Ordinance No. 439 reference is hereby made for further particulars.

W. E. MORFORD,
Street Superintendent.

NEWS NOTES.

Services will be held this evening at the Synagogue at 7:30 o'clock and tomorrow morning at 10 o'clock.

This evening the Los Angeles Band of Hope will give an entertainment in the parlors of the Fort-street M. E. church.

The concert to be given tonight at Turn Verein Hall, by the E. L. A. Presbyterian church promises to be a great success.

The sixth annual convention of the County Sabbath School Association will be held in the First Congregational church on December 3d and 4th.

"When I survey my congregation," said a clerical philosopher, "I ask, where are the poor? When I count the contributions, I say where are the rich?"

"Ah," said a proud father to his wife, "I believe that our baby knows as much as I." The mother casts a sorrowful look at her child, and ejaculates, "Poor child!"

We thought Egypt hot when we cooked our eggs in the sun; but when we came to Madagascar and found we could cook them by moonlight, we thought of Egypt with an Arctic chill.

Transfers of real estate yesterday amounted to $47,515, and were 45 in number. Of these 15 were for more than $1,000 each and 19 were for nominal considerations.

The residence of Major J. P. Fallon, near Wilmington, was burned down on Wednesday night. The family had retired when the fire broke out, and no cause for the fire could be learned unless a lamp exploded. The loss of the furniture and belongings of the family was complete. The loss was estimated at $20,000, partially covered by insurance.

Judge Brunson, on behalf of the Southern California Railroad Company, has applied to the Council for a renewal of its lease to certain lands in East Los Angeles. The land was leased to the company in 1887 for $500 per year.

The City Tax Collector reports that barely $60,000 taxes went delinquent. This amount included that which the property owners on Main and Los Angeles streets refuse to pay on the ground that their tax was increased improperly.

Major George A. Hilton, the temperance evangelist, of Washington, D. C., will hold his first service in the First Baptist church, corner of Sixth and Fort streets, on Sunday morning at 11 o'clock. A meeting, for men only, will be held in the Fort-street M. E. church, under the auspices of the Y. M. C. A., at 4 o'clock on the same date, and also a gospel temperance service in the First Congregational church, corner of Hill and Sixth streets, at 7:30. From November 25th to 30th inclusive, Major Hilton will give a Bible reading every afternoon at 2:30 through the week at the Fort-street M. E. church, and at 7:30 evangelistic services each evening at the same place. A meeting, for women only, will be held December 1st.

R. D. List, Notary Public. Legal papers carefully drawn. 18 S. Spring. Depositions taken.

CRIMINAL NOTES.

An information was filed in the Superior Court yesterday charging a Chinaman, Ah Kee, with robbery.

Police Judge Stanton yesterday convicted Joe Madison of vagrancy, and sentenced him to imprisonment in the County Jail for seventy days.

Frank Curlew and Robert Harvey, the two boys charged with having burglarized room 35, in the New Orleans lodging house on Tuesday night, were discharged by Police Judge Owens, the evidence being insufficient to sustain the charge.

Officer Hawley arrested James Young, Tom Finn and Mike Ortega, and charged them with vagrancy. They have been loafing in the vicinity of Ninth and Main streets for a number of days past, much to the annoyance of the residents of that district.

Willis Pelham was arrested on Los Angeles street early yesterday morning, by Officer Dugan, as a vagrant, but he refused to accompany the officer to the station. He made an ineffectual attempt to break away from his captor, who summoned Officer Williams to his assistance.

W. L. McCauldin, the proprietor of the Natatorium, appeared before Police Judge Stanton yesterday afternoon to answer to the charge of battery preferred against him by an employee named Schafer. Owing to the absence of his attorney, the case was postponed until tomorrow morning at 10 o'clock.

George Williams was arrested about 5 o'clock yesterday afternoon by Detectives Auble and Bowler, on Fort street, for petit larceny. He is accused of having stolen a Smith & Wesson revolver from the residence of Mrs. Peek, on Fort street, near the postoffice, on Wednesday last. The pistol was traced to a Chinese store by the detectives, but the proprietor, Ah Kim, refused to give it up.

Look Out for the Lien Law.

Yesterday the case of Petty against Niles was decided in the courts. Niles had a building put up on Upper Main street some couple of years ago. Petty claims there is something due to him. The case went against him for two reasons. The contract was not recorded, and he failed to file his lien in time. Those who are operating under the California lien law would do well to see that the terms of that peculiar law are strictly observed in all their parts.

JOHN H. CURLEY.

Jno. H. Curley, the well known merchant tailor, of 846 Market St., S. F., writes to the Edwin W. Joy Co., that for years he was afflicted with dyspepsia which nothing relieved till he commenced taking Joy's Vegetable Sarsaparilla. He continues, "I am still taking it. Its mild laxative effects are exceedingly grateful to the system. It is a pleasant surprise that awaits those who do not know what our vegetable juices do for debility, sluggish liver and impaired digestive organs.

Why suffer with Rheumatism? when the chances are nine in ten that a course of mud baths at Arrowhead Springs will work a cure.

Do Not Delay—Every day of procrastination may put off the hour of release from pain by weeks and months.

The Cost is trifling when compared with doctor's fees, druggists' bills and damage to business.

Rheumatism rarely yields to medicines. The treatment by mineral waters is the most rational and effective known.

The Arrowhead Hot Springs are the finest mineral waters in Southern California, and the Arrowhead Hotel is the best kept sanitarium. Take the morning train for San Bernardino, where an Arrowhead stage meets it at the depot; or for descriptive circulars, terms and references write to WM. M. OUR CLOSING OUT SALE

WE desire to apologize to the many lady patrons, who called on us last Saturday, and who could not be waited upon; we were so heavily rushed with bargain seekers that we could not properly attend to our trade, but since then we have added five new salesmen, and can now attend to all demands. We would advise our lady friends, however, to always call during the week, as they will receive prompter attention, and avoid the Saturday crowds.
